Task 1) Disclaimers

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance.

The Department will review the contents of each school district's/BOCES' Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's/BOCES' plan.

The Department reserves the right to request further information from a district/BOCES to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. As such, each district/BOCES is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of a district's/BOCES' plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district/BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR plan approved by the Department. The Department also reserves the right to request further information from the school district/BOCES, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

1.1) Assurances

- Please check all of the boxes below
  - [ ] Ensure that the content of this form represents the district's/BOCES' entire APPR plan and that the APPR plan is in compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.
  - [ ] Ensure that a detailed version of the district's/BOCES' entire APPR plan is kept on file and that a copy of such plan will be provided to the Department upon request for review of compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.
  - [ ] Ensure that this APPR plan will be posted on the district/BOCES website no later than September 10th of each school year, or within 10 days after the plan's approval by the Commissioner, whichever shall later occur.
  - [ ] Ensure that it is understood that this district's/BOCES' APPR plan will be posted in its entirety on the NYSED website following approval.

1.2) Submission Status

Is this a first-time submission under Education Law §3012-d or the submission of material changes to an APPR plan approved pursuant to Education Law §3012-d?

First-time submission under Education Law §3012-d
Task 2) Original Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent.

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher’s students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher’s students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

2.1) Assurances

Please note: NYS Grades 3-8 ELA/Math Assessments and State-provided growth scores cannot be used for the purposes of providing transition scores and ratings during the 2015-16 through 2018-19 school years, and should be used for advisory purposes only until the 2019-20 school year. Alternate SLOs to be used during the 2016-17 through 2018-19 transition period should be entered in Task 2 (Transition).

Please check the boxes below.

- [ ] Assure that the growth score provided by NYSED will be used, where required.
- [ ] Assure that, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator for all 4-8 ELA and Math teachers in the event that a State-provided growth score cannot be generated for that teacher.
- [ ] For the 2019-20 school year and thereafter, for any grade/subject that requires a back-up SLO, but for which there are not enough students, not enough scores, or data issues that prevent a teacher-specific SLO from being created, the superintendent or another trained administrator shall develop a school-wide back-up SLO using available State/Regents assessments.
- [ ] Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

2.2) Grades 4-8 ELA and Math: Assessments (Original)

STATE-PROVIDED MEASURES OF STUDENT GROWTH

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a growth score and rating. That rating will incorporate students' academic history compared to similarly academically achieving students and takes into consideration students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. While most teachers of 4-8 Common Branch, ELA and Math will have State-provided scores and ratings, some may teach other courses where there is no State-provided growth measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score and rating from the State for the full Student Performance category of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Student Performance category of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See APPR Guidance and SLO Guidance for more detail on teachers with State-provided growth measures and SLOs.)

For the 2019-20 school year and thereafter, for those teachers who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that teacher.

Using the drop-down boxes below, please select the assessment(s) that will be used for the back-up SLOs for the grade/subject listed beginning in the 2019-20 school year.

SLOs are the required student performance measure for teachers who do not receive a State-provided growth score. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.)

For grade 3 ELA and math; grades 4 and 8 science; high school math, science, and social studies courses associated with Regents exams or, in the future, with other State assessments, the following must be used as the evidence of student learning within the SLO for students taking such assessments:

2.12) Teachers with More Than One Growth Measure (Original)

For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one 0-20 score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Common branch teacher with State-provided growth measures for both ELA and Math in grade 4; middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

2.13) Assurances

For guidance on SLOs and the development of back-up SLOs, please see NYSED APPR Guidance and SLO Guidance.

Please check the boxes below.

- [ ] Assure that the teacher has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- [ ] Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- [ ] Assure that all growth targets are approved by the superintendent or another trained administrator.
- [ ] Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- [ ] Assure that if a teacher's SLO is based on a small n-size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 2.11, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- [ ] Assure that processes are in place for the superintendent to monitor SLOs.
- [ ] Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

2.14) Use of the Optional Subcomponent and Student Performance Category Weighting
• If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
• If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

[ ] NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.
Task 2) Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)

The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category or guidance on the use of alternate SLOs during the transition period, see NYSED APPR Guidance.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, grades 3-8 NYS ELA/math assessments and any State-provided growth scores may only be used for advisory purposes and may not be used for the purpose of calculating transition scores and ratings.

If grades 3-8 ELA/math State assessments and any State-provided growth scores are the entirety of the Student Performance category, districts/BOCES must also develop an alternate SLO based on assessments that are not grade 3-8 ELA/math State assessments and/or on State-provided growth scores for the Required subcomponent of the Student Performance category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

2.2-2.10) Alternate SLOs (Transition Period, 2016-17 through 2018-19)

Using the table below, please first select a measure and assessment(s) that will be used for the alternate SLO during the 2016-17 through 2018-19 school years, then indicate the applicable courses. If all other courses listed in Original Task 2.10 are using Alternate SLOs, and such Alternate SLOs will be based on the same measures and assessments, please select “Other Courses as listed in Original Task 2.10” in the Applicable Course(s) column.

2.12) Teachers with More Than One Growth Measure (Transition)

For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance.

If educators have more than one alternate SLO, the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the
number of students in each SLO.
Task 3) Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance.

Up to 50% of Student Performance category, if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the district/BOCES and be either:

(A) a second State-provided growth score on a State-created or administered test, provided that the State-provided growth measure is different than that used in the Required subcomponent, or

(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

3.1) Use of the Optional Subcomponent of the Student Performance Category

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

---

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.
Task 3) Optional Student Performance Subcomponent

If the Optional Student Performance subcomponent will NOT be used, save this page and proceed to Task 4; this section is not required.

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance.

Up to 50% of Student Performance category, if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the district/BOCES and be either:

(A) a second State-provided growth score on a State-created or administered test, provided that the State-provided growth measure is different than that used in the Required subcomponent; or

(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

Options for measures and associated assessments include:

OPTION A: SECOND STATE-PROVIDED GROWTH SCORE

Option (A1) Teacher-specific growth score computed by the State based on percentage of students who achieve a State-determined level of growth (e.g., percentage of students whose growth is above the median for similar students)

Option (A2) School-wide growth results based on a State-provided school-wide growth score for all students attributable to the school who took the State ELA or math assessment in grades 4-8

Option (A3) School- or program-wide, group, team, or linked growth results using available State-provided growth scores that are locally-computed

Option (A4) District- or BOCES-wide growth results using available State-provided growth scores that are locally-computed

OPTION B: STATE-DESIGNED SUPPLEMENTAL ASSESSMENTS

Option (B1) Teacher-specific growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model

Option (B2) School- or program-wide, group, team or linked growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model capable of generating such a score

Option (B3) District- or BOCES-wide growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model capable of generating such a score

The same locally selected measures of student growth across all classrooms in the same grade/subject in the district/BOCES must be used in a consistent manner to the extent practicable.

Task 3.1) Assurances

Please check the boxes below.

☐ Assure that if a teacher receives an overall rating of Ineffective on the Student Performance category, and a State-designed supplemental assessment (option B1, B2 or B3) was included as an Optional subcomponent of the Student Performance category, then the teacher must be rated Ineffective overall (see Education Law §3012-d(5)(a) and (7)).

☐ Assure that if a teacher receives an overall rating of Ineffective on the Student Performance category, and a State-provided growth score on a State-created or administered test (option A1, A2, A3, or A4) was included as an Optional subcomponent of the Student Performance category, then the teacher may not be rated higher than Developing overall (see Education Law §3012-d(5)(a) and (7)).

3.2-3.10) Optional Measures, Assessments and Courses

Using the table below, please select the measure and, as applicable, assessment(s) that will be used for the
3.12) Assurances

Please check all of the boxes below:

- □ Assure that scores and ratings for the Optional Student Performance subcomponent, where a State-designed supplemental assessment is used, will be calculated in the manner specified by the assessment provider through the RFQ process.
- □ Assure that the final Student Performance category rating for each teacher will be determined using the weights and parameters specified in Subpart 30-3 of the Rules of the Board of Regents.
- □ Assure that all Optional Student Performance measures for a teacher are different than any measures used for the Required Student Performance subcomponent.
- □ Assure that the same locally selected measures of student growth across all classrooms in the same grade/subject in the district/BOCES must be used in a consistent manner to the extent practicable.
- □ Assure that during the 2016-17 through 2018-19 school years, if a second State-provided growth score (options A1, A2, A3, or A4) is selected as a measure in the Optional subcomponent of the Student Performance category, such measure will be used for advisory purposes only and will not be used for the purpose of calculating transition scores and ratings.

Annual Professional Performance Review - Education Law §3012-d

Task 4. Teacher Observation Category - Tasks 4.1-4.6

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

<table>
<thead>
<tr>
<th>Rubric Name</th>
<th>If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.</th>
</tr>
</thead>
</table>

4.2) Assurances

Please check all of the boxes below.

☑ Assure that all observable NYS Teaching Standards Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.

☑ Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.

☑ Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district/BOCES, provided that districts/BOCES may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in Task 4.1 above.

☑ Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

4.3) Process for Weighting Rubric Domains/Subcomponents

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged).

All observable domains/subcomponents will be weighted equally and averaged.

4.4) Calculating Observation Ratings

Assurances

Please check each of the boxes below.

☑ Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.

☑ Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in task 4.5 below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Please also check each of the following boxes.

☑ Assure that if the district is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver, the second observation(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator. See Section 30-3.4(d)(2)(i)(b)(1) of the Rules of the Board of Regents.

☑ Assure that if the district/BOCES is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department; the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 4 of the district's/BOCES' approved §3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.4(d)(2)(i)(b)(2) of the Rules of the Board of Regents.

**4.5) Teacher Observation Subcomponent Weighting**

**Required Subcomponents:**

- Observations by Principal(s) or Other Trained Administrators: At least 80% of the Teacher Observation category score
- Observations by Impartial Independent Trained Evaluator(s)*: At least 10%, but no more than 20%, of the Teacher Observation category score

**Optional Subcomponent:**

- Observations by Trained Peer Observer(s): No more than 10% of the Teacher Observation category score when selected

Please be sure the total of the weights indicated equals 100%.

*If the district is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the use of one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator.

Please indicate the weight of each observation type and be sure the total of the weights indicated equals 100%.
4.6) Assurances

Please check all of the boxes below.

- Assure that independent evaluator(s) are not employed in the same school building, as defined by BEDS code, as the teacher(s) they are evaluating.
- Assure that, if observations are being conducted by trained peer observer(s), these teacher(s) received an overall rating of Effective or Highly Effective in the previous school year.
- Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of teacher effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- Assure that the length of all observations for teachers will be conducted pursuant to the locally-determined durations.
- Assure that independent evaluator(s) will be trained and selected by the district/BOCES.
- Assure that peer observer(s), as applicable, will be trained and selected by the district/BOCES.
- Assure that at least one of the required observations will be unannounced.

5.3) Assurances

Please check all of the boxes below.

☐ Assure that each subcomponent and category score and rating and the Overall rating will be calculated pursuant to the requirements specified in Subpart 30-3 of the Rules of the Board of Regents.

☐ Assure that it is possible to obtain a zero in each subcomponent.

☐ Assure the overall rating determination for a teacher shall be determined according to the evaluation matrix.

☐ Assure that a student will not be instructed, for two consecutive school years, by any two teachers of the same subject in the same school district, each of whom received an Ineffective rating under Education Law §3012-d in the year immediately prior to the school year in which the student is placed in the teacher’s classroom unless the district has a Department-approved waiver from this requirement.

Annual Professional Performance Review - Education Law §3012-d

Task 6. Additional Requirements (Teachers) - Tasks 6.1-6.9

For more information on the additional requirements for teachers, see NYSED APPR Guidance.

6.1) Assurances: Teacher Improvement Plans

Please check each of the boxes below.

☑ Assure that the district/BOCES will formulate and commence implementation of a Teacher Improvement Plan (TIP) for all teachers who receive a Developing or Ineffective rating by October 1 following the school year for which such teacher’s performance is being measured or as soon as practicable thereafter.

☑ Assure that TIP plans developed and implemented by the superintendent or his/her designee, in the exercise of their pedagogical judgment, and subject to collective bargaining to the extent required under article 14 of the Civil Service Law, shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher’s improvement in those areas.

6.2) Attachment: Teacher Improvement Plan Forms

All TIP plans developed and implemented by the superintendent or his/her designee, in the exercise of his/her pedagogical judgment, must include:

1) identification of needed areas of improvement;
2) a timeline for achieving improvement;
3) the manner in which the improvement will be assessed; and, where appropriate;
4) differentiated activities to support a teacher’s improvement in those areas.

As a required attachment to this APPR plan, upload the TIP forms that are used in the school district/BOCES.

6.3) Assurance: Appeals

Please check the box below.

☑ Assure the district/BOCES has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

6.4) Appeals

Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal to their district/BOCES:

(1) the substance of the annual professional performance review; which shall include the following:

(i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;

(2) the school district’s/BOCES’ adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law 3012-d and Subpart 30-3 of the Rules of the Board of Regents; and

(4) the school district’s/BOCES’ issuance and/or implementation of the terms of the teacher improvement plan, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.
Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way.

This appeal procedure addresses a teacher's due process rights while ensuring that appeals are resolved in an expeditious and timely manner. This appeal procedure does not diminish the authority of the BOCES to terminate the employment of a probationary employee during the probationary term or at the end of the probationary term. Nothing herein requires that an appeal be exhausted before a tenure decision is made. Additionally, appeal procedures shall not cause a teacher to acquire tenure by estoppel.

Teachers engaging in the appeals process shall be entitled to union representation at each step.

APPEALS OF INEFFECTIVE AND DEVELOPING RATINGS ONLY

Appeals of annual professional performance reviews shall be limited to only those that rate a teacher as ineffective or developing. Any teacher may provide a written response to his/her APPR and such response shall be included in the teacher's file as part of the APPR.

WHAT MAY BE CHALLENGED IN AN APPEAL

A teacher may challenge only the following in an appeal:

(1) The substance of the APPR;
(2) the BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;
(3) the adherence to the Commissioner's regulations, as applicable to such reviews;
(4) compliance with any applicable locally negotiated procedures applicable to annual professional performance reviews or improvement plans; and
(5) the BOCES' issuance and/or implementation of the terms of the teacher improvement plan (TIP) under Education Law §3012-d.

PROHIBITION AGAINST MORE THAN ONE APPEAL

A teacher may not file multiple appeals regarding the same performance review or teacher improvement plan. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived.

BURDEN OF PROOF

In an appeal, the teacher has the burden of proving by clear and convincing evidence the facts upon which the petitioner seeks relief and a clear legal right to the relief requested.

TIME-FRAME FOR FILING AN APPEAL AND CONTENTS OF APPEAL

All appeals must be received in writing, in the Labor Relations office, no later than 15 calendar days of the date when the teacher receives his or her annual professional performance review. If a teacher is challenging the issuance of a teacher improvement plan, appeals must be received in the Labor Relations office within 15 days of issuance of such plan. The failure to file an appeal within these timeframes shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned.

When filing an appeal, the teacher must submit a detailed written description of the specific areas of disagreement over his or her performance review or the issuance and/or implementation of the terms of his or her improvement plan and any additional documents or materials relevant to the appeal. The performance review and/or improvement plan being challenged must also be submitted with the appeal. Any information not submitted at the time the appeal is filed shall not be considered.

TIME-FRAME FOR BOCES RESPONSE

Within 15 calendar days of receipt of an appeal, the BOCES staff member(s) who issued the performance review or were or are responsible for either the issuance and/or implementation of the terms of the teacher's improvement plan must submit a written response to (decision regarding) the appeal. The teacher initiating the appeal shall receive a copy of the response (decision) filed by the BOCES, and any and all additional information submitted with the response, at the same time the BOCES files its response (decision).

FURTHER APPEAL

If the teacher is not satisfied with the decision rendered at the preceding stage, then he/she may file a written appeal directly to the BOCES District Superintendent within ten (10) days. The appeal shall include all information relating to the challenge. If either the teacher or the BOCES District Superintendent request a meeting to discuss the appeal the meeting will occur within fifteen (15) calendar days of the date the appeal is filed with the District Superintendent.

DECISION-MAKER ON APPEAL

A final decision shall be rendered by the BOCES District Superintendent.

DECISION

A written decision on the merits of the appeal shall be rendered no later than 30 calendar days from the date upon which the teacher filed his or her appeal with the District Superintendent. The appeal shall be based on a written record, comprised of the teacher's appeal papers and any documentary evidence accompanying the appeal, as well as the BOCES' initial response to the appeal and additional documentary evidence submitted with such papers. The decision shall set forth the reasons and factual basis for each determination on each of the specific issues raised in the teacher's appeal. If the appeal is sustained, then the reviewer may set aside a rating, modify a rating, and/or order a new evaluation if the rating or the evaluation has been affected by substantial error or defect, to the maximum extent allowable by law. A copy of the decision shall be provided to the teacher and the evaluator or the person responsible for either issuing or implementing the terms of an improvement plan, if that person is different.

EXCLUSIVITY OF §3012-D APPEAL PROCEDURE
6.5) Assurance: Evaluators

Please check the box below.

☑️ The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

6.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
2) the process for the certification and re-certification of lead evaluators;
3) the process for ensuring inter-rater reliability; and
4) the nature (content) and the duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

Orleans/Niagara BOCES will work to ensure that all evaluators, including lead evaluators, evaluators, and independent evaluators, will be properly trained. All such training shall be conducted by Orleans/Niagara BOCES, other BOCES, or another training provider approved by the District Superintendent or his designee. The training will include a process to maintain inter-rater reliability over time in accordance with NYSED guidance and protocols. The training will address all nine of the required elements found in Section 30-3.10 of the Rules of the Board of Regents. The minimum duration of training shall be one hour. After gathering documentation evidencing that evaluators have been properly trained, the District Superintendent will recommend that the BOCES Board of Education certify each evaluator. Ongoing trainings will occur within leadership team meetings and through attendance at leadership conferences for a minimum of one hour annually. Documentation of trainings will continue in order for all evaluators to be recertified each year by the BOCES Board of Education.

6.7) Assurances: Teacher Evaluation
Please check all of the boxes below.

☐ Assure that the district/BOCES shall compute and provide to the teacher their score and rating for the Student Performance category, if available, and for the Teacher Observation category for the teacher's Annual Professional Performance Review, in writing, no later than the last school day of the school year for which the teacher is being measured, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.

☐ Assure that the evaluation system will be used as a significant factor for employment decisions.

☐ Assure that teachers will receive timely and constructive feedback as part of the evaluation process.

☐ Assure that the following prohibited elements listed in Education Law §3012-d(6) are not being used as part of any teacher's evaluation: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of teacher effectiveness; any district or regionally-developed assessment that has not been approved by the Department; and any growth or achievement target that does not meet the minimum standards as set forth in regulations of the Commissioner. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.

☐ Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall compute and provide teachers whose Student Performance Category measures are based, in whole or in part, on the grades 3-8 ELA/math State assessments and/or State-provided growth scores with their APPR transition scores and ratings as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.

☐ Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall provide such teachers with their original composite rating by September 1 of the school year next following the school year for which the teacher's performance is being measured, or as soon as practicable thereafter.

6.8) Assurances: Assessments

Please check all of the boxes below.

☐ Assure that, where applicable, if students take more than one version of the Regents assessment for a particular content area, then the district/BOCES will use the higher of the two scores to determine whether a student has met his/her growth target.

☐ Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.

☐ Assure that individuals with vested interest in the outcome of their assessments are not involved, to the extent practicable, in the administration and scoring of those assessments.

☐ Assure that, where there is more than one version of a Regents assessment for a content area, that the district/BOCES will only administer both assessments within the timeframes prescribed by the Commissioner. Where only one version of a Regents assessment for a content area is administered in a particular school year, assure that only that assessment will be used as the underlying evidence for an SLO.

6.9) Assurances: Data

Please check all of the boxes below.

☐ Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.

☐ Assure that the district/BOCES provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.

☐ Assure that scores and ratings for all teachers will be reported to NYSED for each category, as well as the overall rating, as per NYSED requirements.

☐ Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.

☐ Assure that procedures for ensuring data accuracy and integrity are being utilized.
Task 7) Original Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent

(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

7.1) State-Provided Measures of Student Growth (Original)

Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal’s students are taking assessments for which there is a State growth model (e.g., K-5, K-6, 6-8, 6-12, 9-12, etc.).

For principals where less than 30% of their students are covered under a State-provided growth measure, please use Task 7.2.

For the 2015-16 through 2018-19 school years, principals of buildings or programs that include all of grades 9-12 who receive State-provided growth scores based on Regents assessments set back-up SLOs based on Regents assessments.

For the 2019-20 school year and thereafter, for those principals who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that principal. Principals of buildings or programs that include all of grades 9-12 who receive State-provided growth scores based on Regents assessments should continue to set back-up SLOs based on Regents assessments in the 2019-20 school year and thereafter.

Please list the grade configurations of the schools or principals where State-provided growth measures will apply beginning in the 2019-20 school year (please list, e.g., K-5, K-6, 6-8, 6-12, 7-12, 9-12). For each configuration, also indicate assessment(s) used for back-up SLOs.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program
- Column 3: assessment(s) used

Follow the examples below:

Using the table below, please select the assessment(s) that will be used for the back-up SLOs beginning in the 2019-20 school year for each grade configuration listed. The SLO will be based on the largest grades/courses in the principal's school building, using State or Regents assessments as the underlying evidence for such SLOs where they exist.

7.1) Assurances

Please check the boxes below.

☐ Assure that the growth score provided by NYSED will be used, where required.

☐ Assure that, for principals of buildings that do not include all of grades 9-12, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator in the event that a State-provided growth score cannot be generated for that principal and that principals of buildings that include all of grades 9-12 will have back-up SLOs set by the superintendent or another trained administrator in all school years.

☐ Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.
7.2) Student Learning Objectives (Original)

For guidance on SLOs, see NYSED SLO Guidance.

SLOs must be used for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, math, and/or high school courses with State or Regents assessments. SLOs will be developed using the following rules:

- If any grade/course in the building has a State-provided growth measure AND the principal must have SLOs because fewer than 30% of students in the building are covered, then the SLOs must begin first with the SGP results.
- Additional SLOs must then be set based on grades/subjects with State assessments for which there is no State-provided growth measure, where applicable.
- If additional SLOs are necessary, principals must begin with the grade(s)/course(s) that have the largest number of students using school- or district-wide student results from one of the following assessment options:
  - State or Regents assessments;
  - State-approved 3rd party assessment; or
  - State-approved district, regionally, or BOCES-developed course-specific assessment.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program
- Column 3: measure used
- Column 4: assessment(s) used

Follow the examples below.

#### 7.4) Principals with More Than One Growth Measure (Original)

For more information on principals with more than one growth measure, please see NYSED APPR Guidance and SLO Guidance.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Principals of K-8 schools with growth measures for ELA and math grades 4-8.)
If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

7.5) Assurances

Please check all of the boxes below.

☐ Assure that the principal has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.

☐ Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learners status and prior academic history.

☐ Assure that all growth targets are approved by the superintendent or another trained administrator.

☐ Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.

☐ Assure that if a principal's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 7.3, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.

☐ Assure that processes are in place for the superintendent to monitor SLOs.

☐ Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

7.6) Student Performance Subcomponent Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.
Task 7) Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)

The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance and guidance on the use of alternate SLOs during the transition period.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, if excluding grade 3-8 ELA/math State assessments and any State-provided growth scores results in no remaining student performance measures, districts/BOCES must develop alternate SLOs based on assessments that are not grade 3-8 ELA/math State assessments for the Required subcomponent of the Student Performance Category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

7.1-7.2) Alternate SLOs (Transition Period, 2016-17 through 2018-19)

Please list the grade configurations of the schools or principals where alternate SLOs will apply. For each configuration, also indicate the measure and assessment(s) used for the alternate SLO.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program
- Column 3: measure used
- Column 4: assessment(s) used

Follow the examples below.

7.4) Principals with More than One Growth Measure (Transition)

For more information on principals with more than one growth measure, please see NYSED APPR Guidance and SLO Guidance.

If educators have more than one alternate SLO, the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO.
Task 8) Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance category, see NYSED APPR Guidance.

*Up to 50% of Student Performance category, if selected.*

Such second measure shall apply in a consistent manner, to the extent practicable, across all buildings with the same grade configuration or program in the district/BOCES and be either:

(A) a second State-provided growth score on a State-created or administered test, provided that a different measure is used than that for the Required subcomponent in the Student Performance category, or

(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

8.1) Use of the Optional Subcomponent for Student Performance Measures

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

[ ] NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any principal.
Task 8) Optional Student Performance Subcomponent

If the Optional Student Performance subcomponent will NOT be used, save this page and proceed to Task 9, this section is not required.

For guidance on the Optional subcomponent of the Student Performance category, see NYSED APPR Guidance.

Up to 50% of Student Performance category, if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all buildings with the same grade configuration or program in the district/BOCES and be either:

(A) a second State-provided growth score on a State-created or administered test, provided that a different measure is used than that for the Required subcomponent in the Student Performance category, or

(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

Options for measures and associated assessments include:

OPTION A: SECOND STATE-PROVIDED GROWTH SCORE

Option (A1) Principal-specific growth computed by the State based on percentage of students who achieve a State-determined level of growth (e.g., percentage of students whose growth is above the median for similar students)

Option (A2) School- or program-wide growth results using available State-provided growth scores that are locally-computed

Option (A3) District- or BOCES-wide growth results using available State-provided growth scores that are locally-computed

OPTION B: STATE-DESIGNED SUPPLEMENTAL ASSESSMENTS

Option (B1) Principal-specific growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model

Option (B2) District- or BOCES-wide growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model

The same locally selected measures of student growth across all buildings with the same grade configuration or program in district/BOCES must be used to the extent practicable.

8.1) Assurances

Please check the boxes below.

☐ Assure that if a principal receives an overall rating of Ineffective on the Student Performance category, and a State-designed supplemental assessment (option B1 or B2) was included as an Optional subcomponent of the Student Performance category, then the principal must be rated Ineffective overall (see Education Law §3012-d(5)(a) and (7)).

☐ Assure that if a principal receives an overall rating of Ineffective on the Student Performance category, and a State-provided growth score on a State-created or administered test (option A1, A2, or A3) was included as an Optional subcomponent of the Student Performance category, then the principal may not be rated higher than Developing overall (see Education Law §3012-d(5)(a) and (7)).

8.2) Optional Grade Configurations, Measures and Assessments

For each grade configuration indicate the following:

Column 1: lowest grade that corresponds to the building or program

8.4) Assurances

Please check all of the boxes below.

☐ Assure that scores and ratings for the Optional student performance subcomponent, where a State-designed supplemental assessment is used, will be calculated in the manner specified by the assessment provider through the RFQ process.

☐ Assure that the final Student Performance category rating for each principal will be determined using the weights and parameters specified in Subpart 30-3 of the Rules of the Board of Regents.

☐ Assure that all Optional Student Performance measures for a principal are different than any measures used for the Required Student Performance subcomponent.

☐ Assure that the same locally selected measures of student growth are used across all buildings with the same grade configuration or program in district/BOCES to the extent practicable.

☐ Assure that during the 2016-17 through 2018-19 school years, if a second State-provided growth score (options A1, A2, or A3) is selected as a measure in the Optional subcomponent of the Student Performance category, such measure will be used for advisory purposes only and will not be used for the purpose of calculating transition scores and ratings.

9.2) Assurances

Please check all of the boxes below.

☑ Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
☑ Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
☑ Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district/BOCES, provided that districts/BOCES may locally determine whether to use different rubrics for a principal assigned to different grade level configurations or building types as indicated in Task 9.1 above.
☑ Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

9.3) Process for Weighting Rubric Domains/Subcomponents

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged).

All observable components will be weighted equally and averaged.

9.4) Calculating School Visit Ratings

Assurances

Please check each of the boxes below.

☑ Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
☑ Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified in task 9.5 below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Please also check each of the following boxes.

☑ Assure that if the district is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver, the second school visit(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the school visit(s) required to be performed by the Superintendent/Supervisor or his/her designee. See Section 30-3.5(d)(1)(ii)(a) of the Rules of the Board of Regents.
☑ Assure that if the district/BOCES is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 9 of the district's/BOCES' approved §3012-d APPR Plan, the provisions of the approved waiver will apply. ### 9.6) Assurances

Please check all of the boxes below.

- [ ] Assure that independent evaluator(s) are not employed in the same school building, as defined by BEDS code, as the principal(s) they are evaluating.
- [ ] Assure that, if school visits are being conducted by trained peer observer(s), these principal(s) received an overall rating of Effective or Highly Effective in the previous school year.
- [ ] Assure that the following elements will not be used in calculating a principal's school visit category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of principal practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of principal effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- [ ] Assure that the length of all school visits for principals will be conducted pursuant to the locally-determined durations.
- [ ] Assure that independent evaluator(s) will be trained and selected by the district/BOCES.
- [ ] Assure that peer observer(s), as applicable, will be trained and selected by the district/BOCES.

* If a principal is rated Ineffective on the Student Performance category, and a State-designed supplemental assessment was included as an Optional subcomponent of the Student Performance category, the principal can be rated no higher than Ineffective overall (see Education Law §3012-d (5)(a) and (7)).

### 10.3) Assurances

Please check all of the boxes below.

- Assure that each subcomponent and category score and rating and the Overall rating will be calculated pursuant to the requirements specified in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that it is possible to obtain a zero in each subcomponent.
- Assure the overall rating determination for a principal shall be determined according to the evaluation matrix.
11.1) Assurances: Improvement Plans

Please check each of the boxes below.

☐ Assure that the district/BOCES will formulate and commence implementation of a Principal Improvement Plan (PIP) for all principals who receive a Developing or Ineffective rating by October 1 following the school year for which such principal's performance is being measured or as soon as practicable thereafter.

☐ Assure that PIP plans developed and implemented by the superintendent or his/her designee, in the exercise of their pedagogical judgment, and subject to collective bargaining to the extent required under article 14 of the Civil Service Law, shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas.

11.2) Attachment: Principal Improvement Plan Forms

All PIP plans developed and implemented by the superintendent or his/her designee, in the exercise of his/her pedagogical judgment, must include:

1) identification of needed areas of improvement;
2) a timeline for achieving improvement;
3) the manner in which the improvement will be assessed; and, where appropriate,
4) differentiated activities to support a principal's improvement in those areas.

As a required attachment to this APPR plan, upload the PIP forms that are used in the school district/BOCES.

11.3) Assurance: Appeals

Please check the box below.

☐ Assure the district/BOCES has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

11.4) Appeals

Pursuant to Education Law §3012-d, a principal may only challenge the following in an appeal to their district/BOCES:

(1) the substance of the annual professional performance review; which shall include the following:
   (i) in the instance of a principal rated Ineffective on the student performance category, but rated Highly Effective on the school visit category based on an anomaly, as determined locally;

(2) the school district's/BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law 3012-d and Subpart 30-3 of the Rules of the Board of Regents; and

(4) the school district's/BOCES' issuance and/or implementation of the terms of the principal improvement plan, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.
Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way.

This appeal procedure addresses a principal's due process rights while ensuring that appeals are resolved in an expeditious and timely manner. This appeal procedure does not diminish the authority of the BOCES to terminate the employment of a probationary employee during the probationary term or at the end of the probationary term. Nothing herein requires that an appeal be exhausted before a tenure decision is made. Additionally, appeal procedures shall not cause a teacher to acquire tenure by estoppel.

Principals engaging in the appeals process shall be entitled to union representation at each step.

APPEALS OF INEFFECTIVE AND DEVELOPING RATINGS ONLY

Appeals of annual professional performance reviews shall be limited to only those that rate a principal as ineffective or developing. Any principal may provide a written response to his/her APPR and such response shall be included in the principal's file as part of the APPR.

WHAT MAY BE CHALLENGED IN AN APPEAL

A principal may challenge only the following in an appeal:

1. The substance of the APPR;
2. The BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;
3. The adherence to the Commissioner's regulations, as applicable to such reviews;
4. Compliance with any applicable locally negotiated procedures applicable to annual professional performance reviews or improvement plans; and
5. The BOCES' issuance and/or implementation of the terms of the principal improvement plan (PIP) under Education Law §3012-d.

PROHIBITION AGAINST MORE THAN ONE APPEAL

A principal may not file multiple appeals regarding the same performance review or principal improvement plan. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived.

BURDEN OF PROOF

In an appeal, the principal has the burden of proving by clear and convincing evidence the facts upon which the petitioner seeks relief and a clear legal right to the relief requested.

TIME-FRAME FOR FILING AN APPEAL AND CONTENTS OF APPEAL

All appeals must be received in writing, in the Labor Relations office, no later than 15 calendar days of the date when the principal receives his or her annual professional performance review. If a principal is challenging the issuance of a principal improvement plan, appeals must be received in the Labor Relations office within 15 days of issuance of such plan. The failure to file an appeal within these timeframes shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned.

When filing an appeal, the principal must submit a detailed written description of the specific areas of disagreement over his or her performance review or the issuance and/or implementation of the terms of his or her improvement plan and any additional documents or materials relevant to the appeal. The performance review and/or improvement plan being challenged must also be submitted with the appeal. Any information not submitted at the time the appeal is filed shall not be considered.

TIME-FRAME FOR BOCES RESPONSE

Within 15 calendar days of receipt of an appeal, the BOCES staff member(s) who issued the performance review or were or are responsible for either the issuance and/or implementation of the terms of the principal's improvement plan must submit a written response to (decision regarding) the appeal. The principal initiating the appeal shall receive a copy of the response (decision) filed by the BOCES, and any and all additional information submitted with the response, at the same time the BOCES files its response (decision).

FURTHER APPEAL

If the principal is not satisfied with the decision rendered at the preceding stage, then he/she may file a written appeal directly to the BOCES District Superintendent within ten (10) days. The appeal shall include all information relating to the challenge. If either the principal or the BOCES District Superintendent request a meeting to discuss the appeal, then the meeting will occur within fifteen (15) calendar days of the date the appeal is filed with the District Superintendent.

DECISION-MAKER ON APPEAL

A final decision shall be rendered by the BOCES District Superintendent.

DECISION

A written decision on the merits of the appeal shall be rendered no later than 30 calendar days from the date upon which the principal filed his or her appeal with the District Superintendent. The appeal shall be based on a written record, comprised of the principal's appeal papers and any documentary evidence accompanying the appeal, as well as the BOCES' initial response to the appeal and additional documentary evidence submitted with such papers. The decision shall set forth the reasons and factual basis for each determination on each of the specific issues raised in the principal's appeal. If the appeal is sustained, then the reviewer may set aside a rating, modify a rating, and/or order a new evaluation if the rating or the evaluation has been affected by substantial error or defect. A copy of the decision shall be provided to the principal and the evaluator or the person responsible for either issuing or implementing the terms of an improvement plan, if that person is different.

EXCLUSIVITY OF §3012-D APPEAL PROCEDURE
11.5) Assurance: Evaluators

Please check the box below.

☐ The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal’s evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

11.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
2) the process for the certification and re-certification of lead evaluators;
3) the process for ensuring inter-rater reliability; and
4) the nature (content) and the duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

Orleans/Niagara BOCES will work to ensure that all evaluators, including lead evaluators, evaluators, and independent evaluators, will be properly trained. All such training shall be conducted by Orleans/Niagara BOCES, other BOCES, or another training provider approved by the District Superintendent or his designee. The training will include a process to maintain inter-rater reliability over time in accordance with NYSED guidance and protocols. The training will address all nine of the required elements found in Section 30-3.10 of the Rules of the Board of Regents. The minimum duration of training shall be one hour. After gathering documentation evidencing that evaluators have been properly trained, the District Superintendent will recommend that the BOCES Board of Education certify each evaluator. Ongoing trainings will occur within leadership team meetings and through attendance at leadership conferences for a minimum of one hour annually. Documentation of trainings will continue in order for all evaluators to be recertified each year by the BOCES Board of Education.

11.7) Assurances: Principal Evaluation

Please check all of the boxes below.

☐ Assure that the district/BOCES shall compute and provide to the principal their score and rating for the Student Performance category, if available, and for the Principal School Visit category for the principal's Annual Professional Performance Review, in writing, no later than the last school day of the school year for which the principal is being measured, but in no case later than September 1 of the school year next following the school year for which the principal's performance is being measured.

☐ Assure that the evaluation system will be used as a significant factor for employment decisions.

☐ Assure that principals will receive timely and constructive feedback as part of the evaluation process.

☐ Assure that the following prohibited elements listed in Education Law §3012-d(6) are not being used as part of any principal’s evaluation:
- evidence of student development and performance derived from lesson plans, other artifacts of principal practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of principal effectiveness; any district or regionally-developed assessment that has not been approved by the department; any growth or achievement target that does not meet the minimum standards as set forth in regulations of the Commissioner. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.

☐ Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall compute and provide principals whose Student Performance Category measures are based, in whole or in part, on the grades 3-8 ELA/math State assessments and/or State-provided growth scores with their APPR transition scores and ratings as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the principal’s performance is being measured.

☐ Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall provide such principals with their original composite rating by September 1 of the school year next following the school year for which the principal’s performance is being measured, or as soon as practicable thereafter.
11.8) Assurances: Assessments

Please check all of the boxes below.

☑️ Assure that, where applicable, if students take more than one version of the Regents assessment for a particular content area, then the district/BOCES will use the higher of the two scores to determine whether a student has met his/her growth target.

☑️ Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.

☑️ Assure that individuals with vested interest in the outcome of their assessments are not involved, to the extent practicable, in the administration and scoring of those assessments.

☑️ Assure that, where there is more than one version of a Regents assessment for a content area, that the district/BOCES will only administer both assessments within the timeframes prescribed by the Commissioner. Where only one version of a Regents assessment for a content area is administered in a particular school year, assure that only that assessment will be used as the underlying evidence for an SLO.

11.9) Assurances Data

Please check all of the boxes below.

☑️ Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.

☑️ Assure that the district/BOCES provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.

☑️ Assure scores and ratings for all principals will be reported to NYSED for each category, as well as the overall rating, as per NYSED requirements.

☑️ Assure that enrolled students in accordance with policies for student assignment to schools and may not be excluded.

☑️ Assure that procedures for ensuring data accuracy and integrity are being utilized.
