

SUMMER CAMP

FOR MIDDLE SCHOOL STUDENTS

JULY 25-29, 2011

AT

NIAGARA CAREER AND TECHNICAL EDUCATION CENTER
3181 SAUNDERS SETTLEMENT ROAD, SANBORN

Law and Order

Students will be exposed to the analysis of evidence collected from crime scenes. Students will perform forensic experiments that help in the investigation and solving of crimes.

Team Challenge

Students will design and build a scale model trebuchet! Teams will compete to see which machine can hurl their projectile the furthest.

It's Electrifying

Students will discover where the electricity in a wall plug comes from and how its used in your home. Using their newly acquired knowledge, our campers will construct a fully functional electrical circuit powering a wall plug and 75 watt light bulb on a wall switch. Shockingly fun!

Taste of the States

Tour the United States by culinary sample. With supervision, students will prepare fun, healthy, easy regional foods from Maine to California, with an emphasis on safety, nutrition, and cooking skills in our state of the art commercial kitchen.

Nanny 911

We'll find out how to get and keep a babysitting job and to care for and guide children. The class will make a babysitters bag, fun snacks, practice first aid, create a toy and learn different ways to play with children!

What Not To Wear

An introduction to the fashion world. Students will learn basic illustration and design techniques as well as the principles of color. Embellishing their own t-shirt or creating an altered couture garment. The week ends with a fashion show.

Can you Float Your BOAT?

Students will build a variety of model boats and race each version. Competitions will be based upon speed, stability, and durability.

The Daytona 500

Students will design, build and race model cars. Competitions will be judged on speed, design and endurance.

Pampered in Paradise

Students will escape to a tropical paradise, where they will experience relaxation and renewal. Students will explore the world of organic facials, hand and foot treatments and application of exotic nail art.

Boot Camp

Students will demonstrate and assess their fitness by performing exercise and participate in activities related to each health related fitness component, and establish personal goals to improve upon one's fitness.

Houston, We Have a Problem

Students will design, build and launch rockets. Competitions will be judged on speed, design and endurance.
