DESCRIPTION

A non-flammable waterbased dust mop treatment that is compatible with all floor polishes and gym finishes. Because the product contains no oil, it eliminates flammability, oily residues, and streaking associated with oil-based mop treatments.

DIRECTIONS

Spray product directly onto new mop or a mop that has been cleaned thoroughly. Use about 1 ounce of product for each 6 inches of mop. After each use, shake dust mop thoroughly to remove loose soil. Before re-treating dust mop, vacuum head thoroughly. Re-treat dust mop every two (2) weeks. Spray lightly onto dust cloth before dusting furniture, woodwork, window frames, sills, and wherever dust gathers.

This product meets the maximum content requirements for Volatile Organic Compounds (VOCs) as established by state
