

VIP – Building and Grounds

Grades 9 - 12

Vocationally Individually Paced (VIP) Career & Technical courses are designed to meet the needs of students who require a smaller learning environment and a slower paced curriculum to be successful. Courses will provide introductory skills in various career and technical areas as preparation for future life and employment skills.

Students who successfully complete a VIP course may be eligible to meet the requirements set forth by the NYS Department of Education for the Career Development and Occupational Studies (CDOS) credential. Required coursework and work based learning hours can be tracked and documented for those students needing it. Interested students or school counselors should contact the school counselor at the Career and Tech Ed Center for more information.

Emphasis will be on:

Attendance, Interpersonal Relations, Communication Skills, Responsibility, Time Management, Workplace and Personal Safety, Personal Hygiene and Appearance.

Program Highlights

Ground Maintenance Equipment	Landscape and Turf Management	House & Building Maintenance
Hand Tools & Power Tools	Carpentry	Plumbing
Electrical	Masonry	House Repairs
Employability Skills	Safety	Measuring & Math Skills
Measuring Instruments	Blueprint Reading	Ground Maintenance Procedures

How to Enroll

Orleans/Niagara BOCES partners with local school districts to provide exciting hands-on career and technical training during normal school day. To learn more, speak with your high school counselor or you can contact Orleans/Niagara BOCES Niagara Career and Technical Education Center Principal Anedda Trautman at atraitman@onboces.org.
