1.	Great job as always, thank you for being responsive to our needs and helpful at all times!
2.	Great job!
3.	The SLS is necessary to assist school librarians in getting answers to questions and for providing professional development opportunities.
4.	I think Lindsay has done a tremendous job in securing valuable professional development for us this year. The fact that the SLS did not have a secretary for most of the year did slow down ILL and made general communications more difficult.
5.	The website needs a little makeover or update for a more modern look.
6.	Lindsay does a great job! She works hard for all of us.
